

Pastor Griffin's 20th Anniversary at GDC; Rejection of Truth Results in the Misleading of the Mind through Delusion and Deceit

We noted in verse 7 that this system is “already operational” beginning at Genesis 3 and intensified during the Church Age.

In verse 9 we learned that in the Tribulation the Beast-Dictator will rise to prominence by utilizing this system's power through visual and verbal prestidigitation.

Those who are led astray by the duplicity and deceit of satanic propaganda do so, according to verse 10, because they do to have a “love for the truth.”

God honors the free will of all people. Response to the Gospel results in salvation and entrance into the plan of God. But those who reject the Gospel buy the lie and subsequently enter into unbeliever reversionism.

Such individuals enter into Lucifer's plan of human good and evil, often organized by religion.

2 Thessalonians 2:11 - And so for this reason [**rejection of truth**] God sends them the modus operandi ...

Divine sovereignty has decreed that an individual's rejection of truth will result in Operation *Apollumi*: to be led astray, deprived, ruined, and destroyed.

The clause “God sends” means that the unbeliever is ordained to deal with the misleading of his mind. He will have no inventory of truth by which to defend his soul so he will be forced to believe the lie. However, he will believe as true that which is false.

What is false is communicated by the modus operandi of delusion:

πλάνη, planē - Delusion and deceit.
