

The Attackers: The Hatred Complex of Cosmic Two: Cosmic Panaceas: Progressive Cure-Alls from Luciferian Strategies, Religion: Works v. Grace, Anthropocentric Academic Speculation: Disinformation Promoting Collectivist Theories, & Evil: the Attempt to Impose Human Good in Opposition to the Plan of God, Ps 34:21

- (6) **Cosmic Panaceas:** The presence of fallen humanity within human areas of function leads inevitably to inefficiency in any undertaking. Lucifer capitalizes on this weakness by intervening with human-viewpoint solutions that are designed first of all to suppress divine solutions and secondly to replace them with ideas designed to promote and advance his hidden agenda. Whenever establishment or divine viewpoint is expressed and gains a hearing, the communicator must be identified, discredited, and dismissed as a radical.¹ Panaceas are designed to deconstruct cultural standards with feel-good, bright-new-tomorrow cure-alls that are appealing to the benighted but only serve to lure them into his nefarious schemes.
- (7) **Religion:** The policy of Lucifer to convince man that he, by human effort, can gain the approbation of God. Christianity is man's relationship with God through faith in Jesus Christ. In religion, man seeks God through personal merit and works.² In Christianity, God seeks man through the saving work of Christ. Satan's system functions on works while God's operates on grace. Religion emphasizes works for salvation within a system controlled by a hierarchy that possesses no divine authority. All religions have their genesis in a demon possessed or demon influenced leader. A religion may be identified by its rejection of this absolute principle: salvation is acquired through faith alone in Christ alone (Ephesians 2:8-9).
- (8) **Anthropocentric Academic Speculation:** In a time of rapid communication and exchange of information, the anointed are easy targets for indoctrination into the satanic lie.

The public educational system in America has been the vehicle for the most widespread and efficient system of disinformation that has ever been accomplished in the history of mankind. Disinformation is a term coined by the Russians circa 1939:

Dezinformatsiya. False information deliberately and often covertly spread in order to influence public opinion or obscure the truth.³

¹ Saul Alinsky's tactical rule number 13: "Pick the target, freeze it, personalize it, and polarize it." Saul D. Alinsky, *Rules of Radicals: A Practical Primer for Realistic Radicals* (New York: Vintage House, 1971, 1989), 130-136.

² R. B. Thieme, Jr., *The Angelic Conflict* (Houston: R. B. Thieme, Jr., Bible Ministries, 2012), 93.

³ *Merriam-Webster's Collegiate Dictionary*, s.v. "disinformation."

For a century, Progressive ideology has infiltrated the curricula of public education. The ideology has developed ideas and theories designed to accomplish the Long March through the institutions – specifically, the divine institutions. The theories are pure fabrications that are then communicated through mass media as law and fact, i.e., global warming, the Big Bang, evolution, self-determined sexual orientation, collectivism, etc. These lies have been sold by hopefully unwitting teachers but tragically inculcated by unsuspecting children. The horrid result is around seven decades of graduates have chosen to be brainwashed by the propaganda. The concurrent loss of thought is the cause of the historical downtrend that is gaining daily momentum in this country.

- (9) **Evil:** The system by which Lucifer attempts to control the world he administers. He is unable to prevent people from sinning, but because he can't means the lost are susceptible to a flawed presentation of the gospel and the saved are prevented from learning doctrine. Using the status quo of carnality, satanic strategy promotes "good works" as a means of salvation rather than faith in Christ.

These works are presented as honorable beliefs to hold and profess. Often biblical passages are utilized to justify sinful behaviors. For example, a person can engage in any number of sinful acts, but, when confronted, he claims the high ground by accusing his antagonist of judging. Some think that since mankind's sensibilities have so stunningly progressed over the millennia that biblical prohibitions against women pastors should be adjusted to keep up with the times. Budding theologians with zero soul inventory of anything theological consider the Catholic Church wickedly medieval by forbidding women from donning its vestments. Rome has held firm for two millennia while, after only 500 years, many Protestant churches and denominations have acquiesced to Progressive pressure by ordaining ladies to the ministry, a case of diversity trumping doctrine; human viewpoint censoring divine viewpoint.

12. Psalm 34:21 takes up the subjects of evil and hatred. Those who are motivated by evil are being systematically executed; those who are guided by wheel-tracks of wickedness.
