

ORIGIN OF HUMAN LIFE

Creationists contend that the soul is created immediately by God and joined with the mediately formed biological life at physical birth at which time three things occur simultaneously:

1. **Biological life** switches from mother dependence to God dependence.
2. **Soul life** is imputed to **biological life**.
3. **Adam's Original Sin** is imputed to the body, specifically to the DNA's sinful nature.

Soul life plus **biological life** equals **human life**.

Human life plus **Adam's Original Sin** equals total depravity.

We are born physically alive, but spiritually dead.
